Subject: FW: Wilcox Oil Superfund Site---Request for Extension to Respond to EPA's 14 Day SNL
Date: Tuesday, August 05, 2014 2:58:45 PM

Lance:

See the attached email from BNSF Attorney Doug McReynolds.

BNSF is requesting a 60 Day extension to respond to the Wilcox Oil SNL.

I told him that I could not grant him an extension that any Extension must be granted by the Superfund Division Director.

Since, I am out of the office starting tomorrow August 6th please take the lead on this request from BNSF.

Thanks,

Marvin Benton
Senior Staff Attorney
Superfund Legal Branch

Subject: Wilcox Oil Superfund Site

Mr. Marvin Benton:

On 28 July 2014, BNSF Railway Company (BNSF) received the EPA Region 6 Special Notice Letter regarding the Wilcox Oil Superfund Site (Site). The letter requests a response within 14-days of receipt of the letter (11 August).

BNSF has no immediate knowledge of the Site or any known relationship to the Site other than a 1917 rights-of-way deed that was attached to the letter without context. BNSF will need to conduct an archival and historical investigation prior to its response. To allow BNSF additional time to investigate its relationship to the Site, if any, BNSF respectfully requests a 60-day period to respond to the letter. BNSF's response would therefore be due on 26 September 2014. Please provide a response to this request at your earliest convenience.

9546978

Thanks,

Doug F. McReynolds, PMP
